Career Objective

Passionate full-stack developer with experience building web and desktop applications using Java, Python, JavaScript, JSP, and MySQL. Strong interest in designing scalable backends, intuitive user interfaces, and efficient data-driven solutions. Skilled at transforming complex problems into clean, maintainable software through analytical thinking and collaboration.

Educational Background

BSc (Hons) Computing	2024 – Present
Islington College, London Metropolitan University, Kathmandu	
School Leaving Certificate (SLC)	2022 – 2024
Uniglobe Secondary School, NEB, Kathmandu	
Secondary Education Examination (SEE)	2022
Galaxy Public School, NEB, Kathmandu	

Technical Skills

Languages	Java, Python, C, JavaScript
Frontend	HTML, CSS, JavaScript, Bootstrap, Figma
Backend	Spring Boot, Java Servlet
Database	MySQL, Oracle
Tools	Git, GitHub
Soft Skills	Communication, Problem Solving, Time Management, Collaboration, Critical Thinking, Work Ethics

Projects

ThreaddBase	Java, JSP, CSS, JavaScript, MySQL, Figma
- Developed a discussion platform enabling structured topic-based conversations. - Implemented user session management, relational database design, and frontend-backend integration. - Applied full-stack development practices to deliver a complete web application.	
Gym Management System	Java
- Built a desktop application for member registration, attendance tracking, and activity management. - Applied object-oriented programming principles and GUI-based application design.	
Product Management System	Python
- Developed a CLI-based inventory management system for tracking store products. - Implemented CRUD operations, data persistence, and input validation for practical usability.	
Chatbot	React.JS, CSS
- Simple browser-based chatbot built with React and vanilla JavaScript. - Responds to Natural Language using String similarity matching. - Applied Bigram String Similarity algorithm.	

Training and Certifications

AWS academy Graduate – Data Engineering	AWS Academy
Completed 40-hour training badge in data engineering concepts and pipelines. Issued Nov 2025.	
AWS academy Graduate – Cloud Foundation	AWS Academy
Completed 20-hour training badge covering core cloud computing concepts. Issued Nov 2025.	
AWS academy Graduate – Machine Learning Foundation	AWS Academy
Completed 20-hour training badge in ML fundamentals. Issued Nov 2025.	
AWS academy Graduate – ML for NLP	AWS Academy
Completed 20-hour training badge in Machine Learning for Natural Language Processing. Issued Nov 2025.	
Java Object Oriented Programming	LinkedIn Learning
2-hour course covering Java OOP concepts. Issued Apr 2025.	
Summer Industry Enrichment Programme (SIEP)	Islington College
Completed final project during the Summer 2025 programme.
